Participation Eligibility

Galva Youth Sports Association (GYSA) programs and activities are offered to youth that attend Galva schools and/or have their permanent residency in the Galva School District. If a participant does not meet these requirements, they will not be allowed to participate. Participants must also meet age or grade requirements to participate.

If a participant does not meet all eligibility requirements and resides in a community that doesn't offer the sport or the age specific opportunity, a request to participate should be made verbally or by email to the GYSA Sport Coordinator of the program of interest. If a participant that does not meet the eligibility requirements is allowed to participate, an "out of district" fee will be charged to participate. The "out of district fee" will be $25.00 and will be added to the regular registration fee.

Registration Deadlines

The Galva Youth Sports Association (GYSA) will set Registration Deadlines for most programs. The deadline to register by will be communicated on all fliers and on the www.galvayouth.com website where on-line registration takes place. Registration Deadlines are set to allow the GYSA Sport Coordinator time to communicate participation numbers to the League Coordinators, select and communicate with volunteer coaches, divide teams, distribute equipment, order uniforms, schedule practice times and create game schedules If necessary. Late registrations create many challenges when coordinating a program or activity. GYSA is committed to providing youth sport opportunities, so turning a late registration away is difficult for GYSA, but may be necessary. If you have missed the registration deadline and have an interest in registering your youth for a GYSA program you are encouraged to contact a GYSA representative immediately. Decisions on late registrations will be made by the Sport Coordinator of the program of interest. If a late registration is allowed, there may be additional fees for obtaining a uniform.
